

Lazzarella è una pecorella a righe!
Dove sono la testa, le orecchie e le zampe della
pecorella? Indicale col tuo ditino, e disegna su di
esse delle righe parallele con la matita:

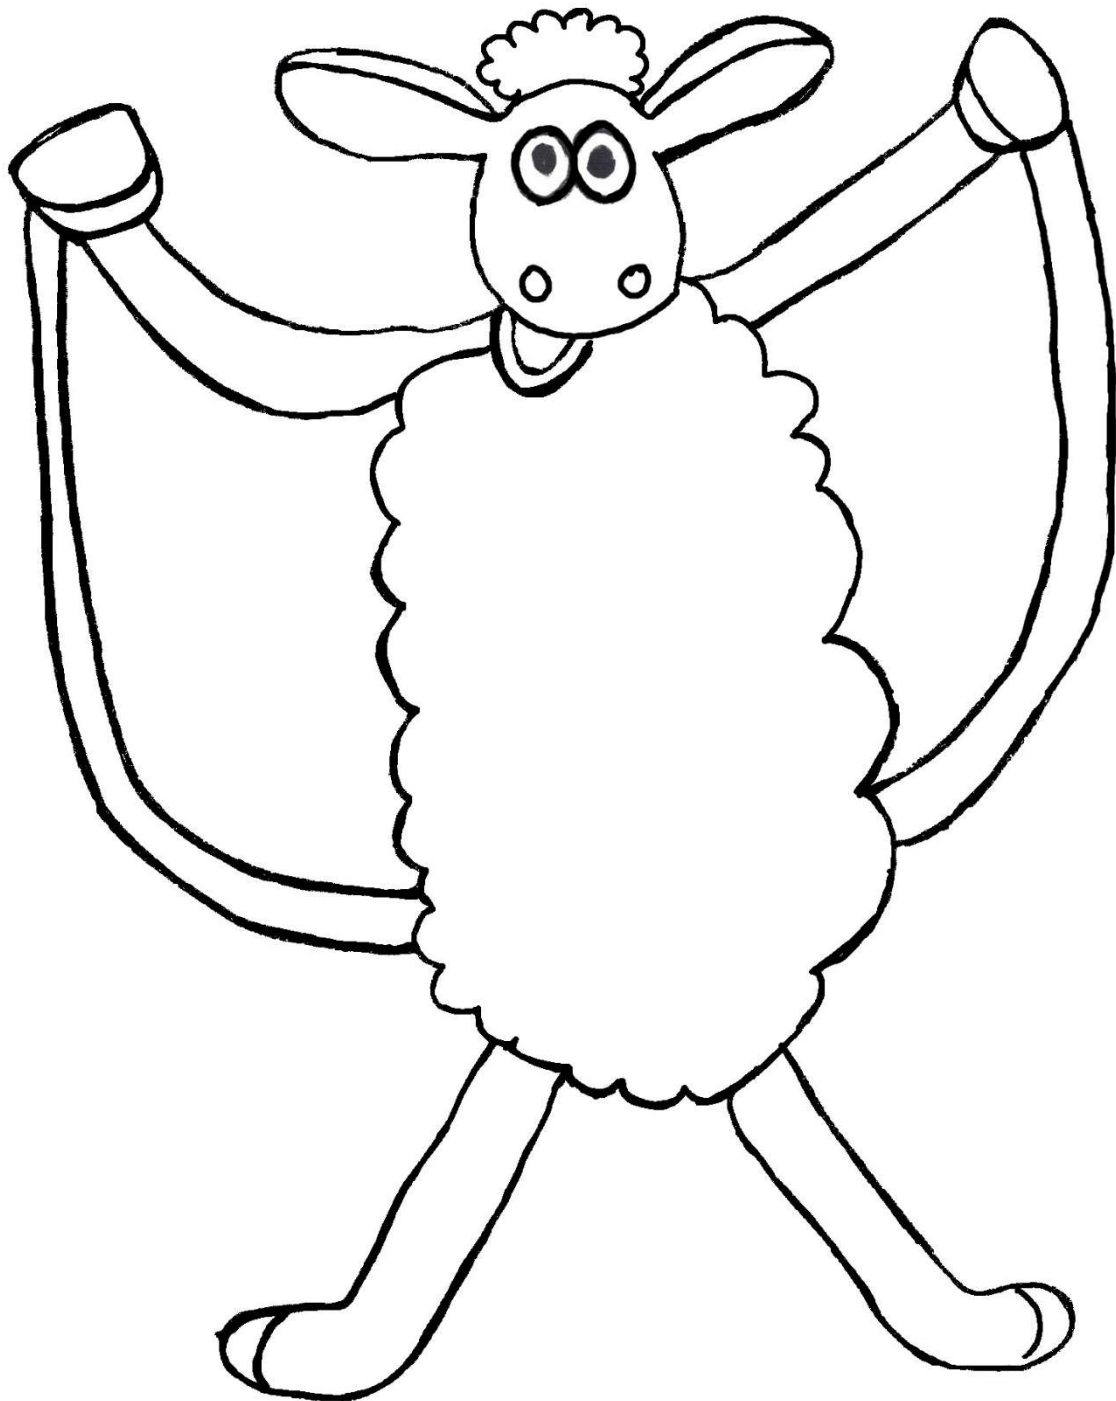

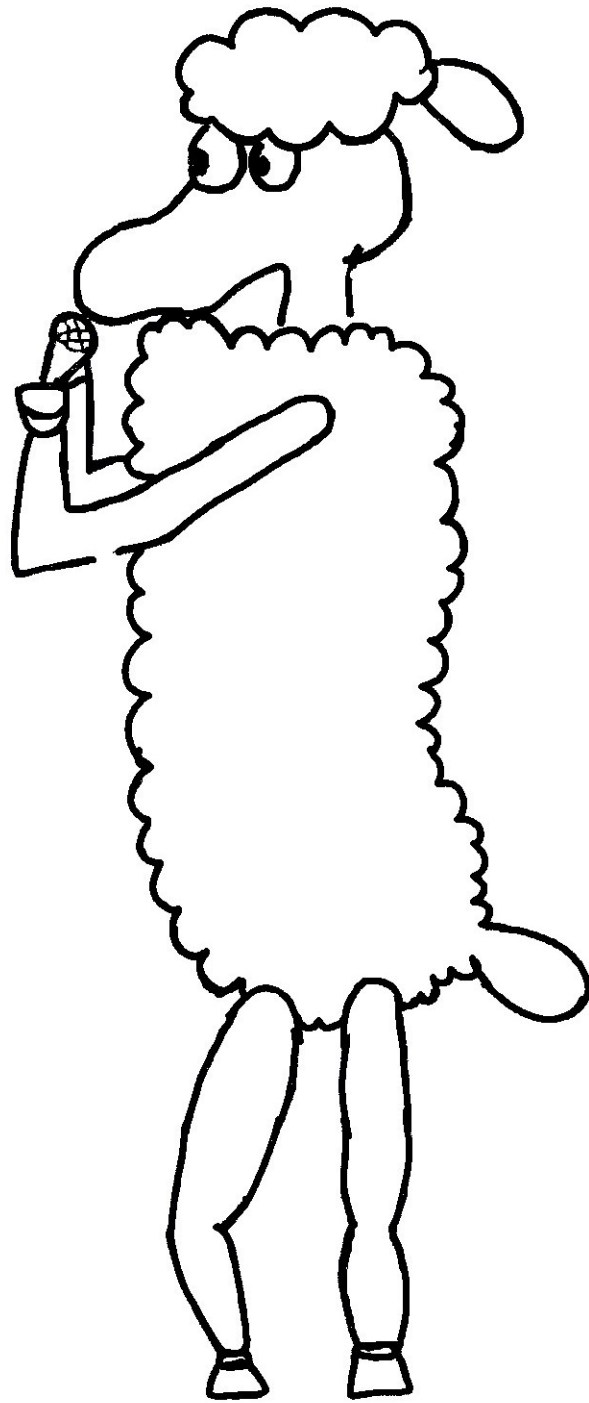

Dopo, sul corpo, sulla coda e sopra la testa, incolla
dei pezzettini di cotone idrofilo per fare l'effetto
lana!

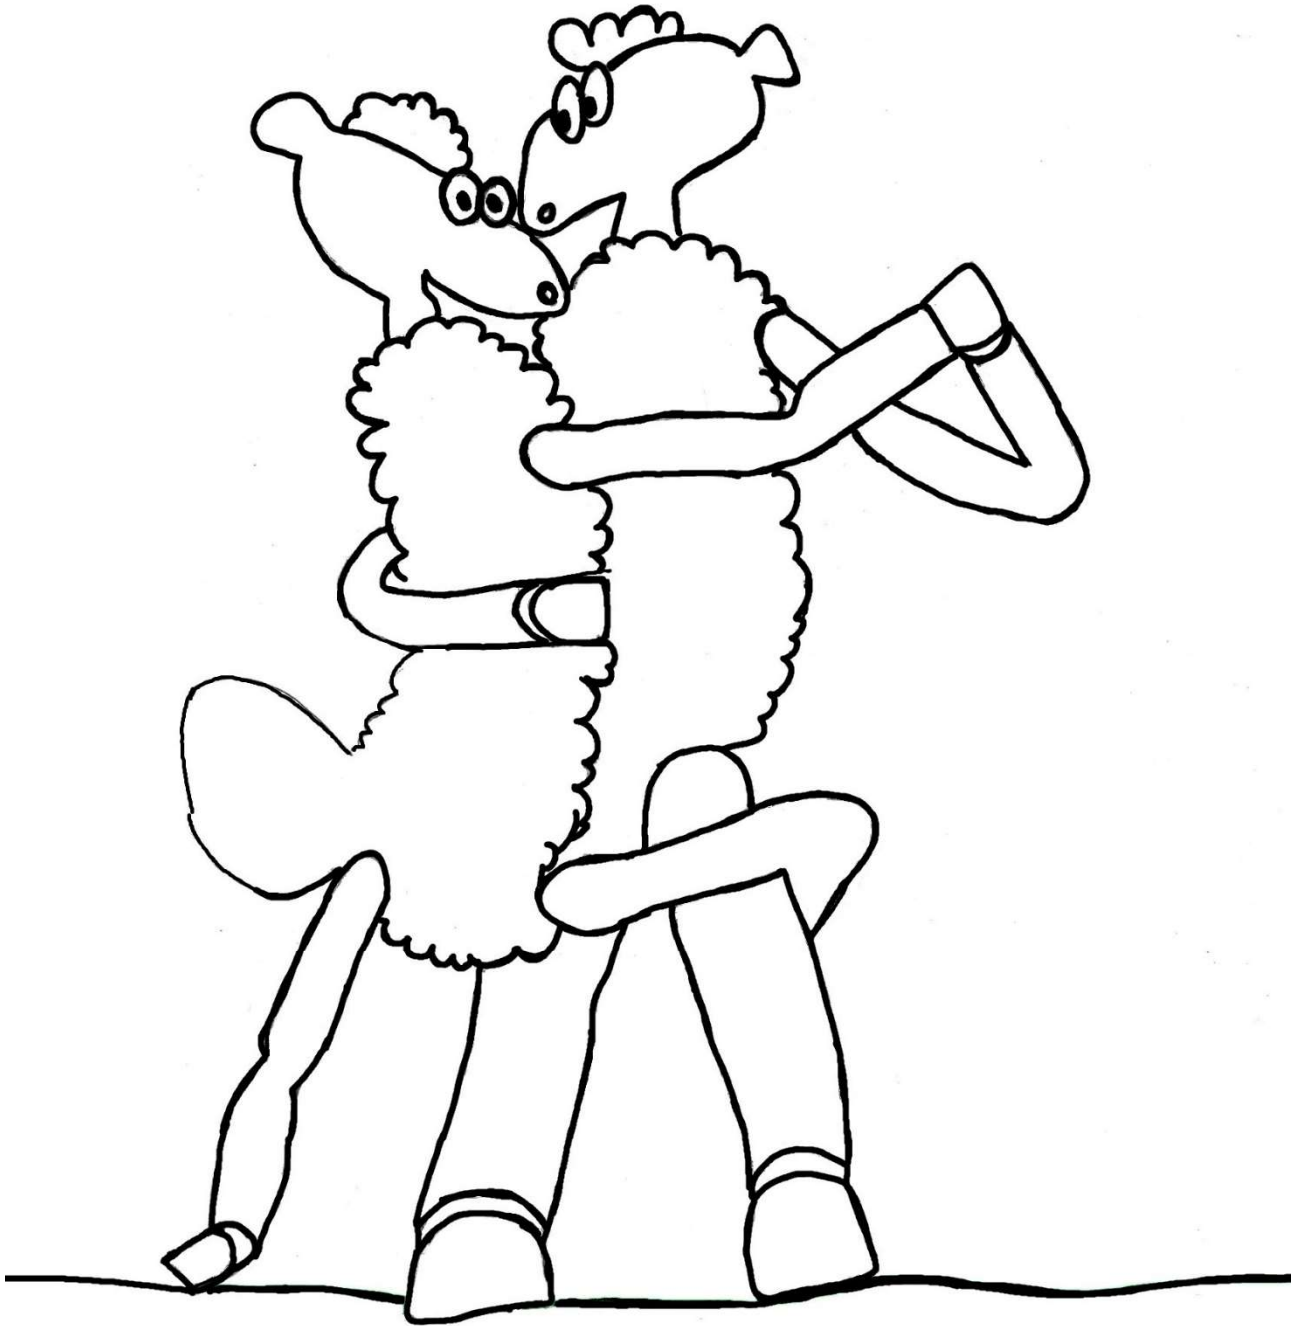

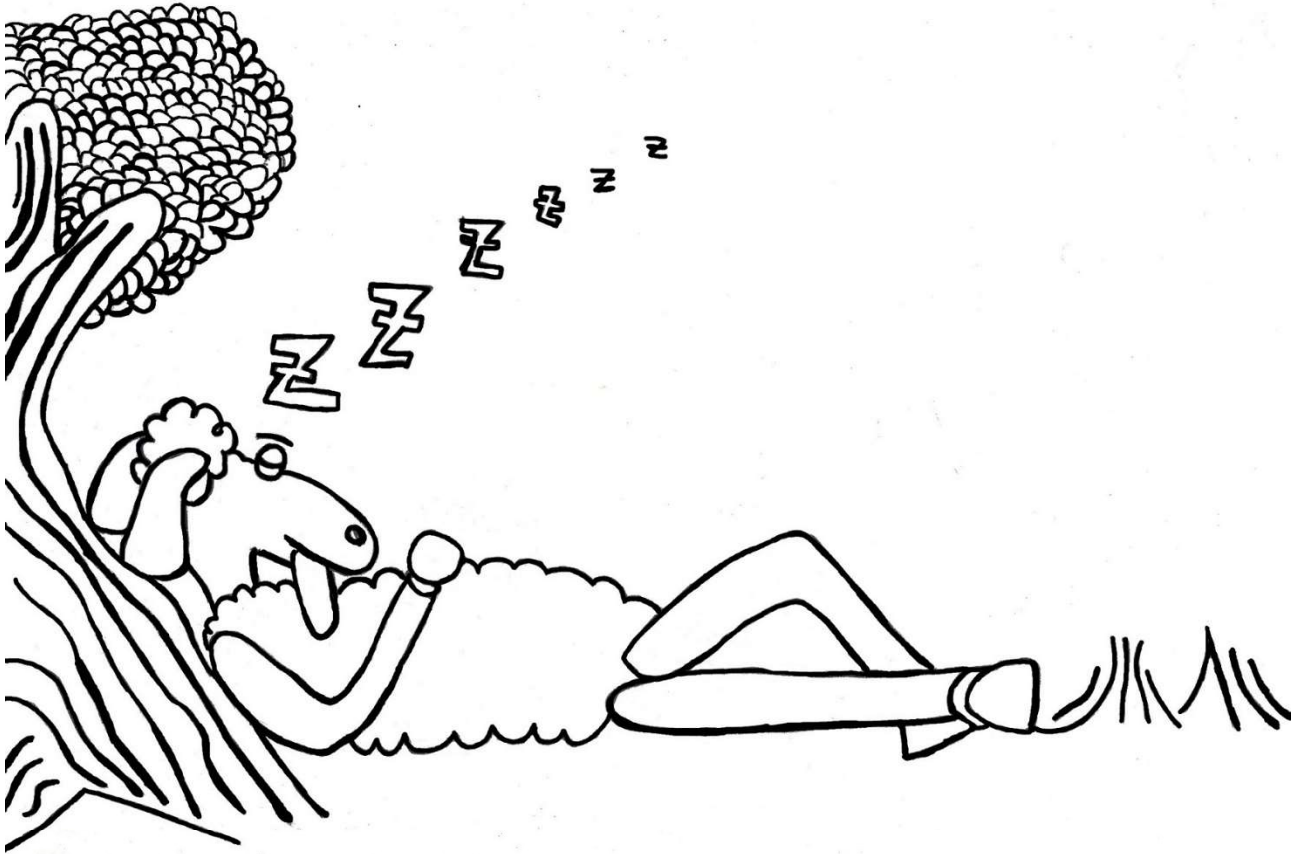

Colora il paesaggio e disegna la pecorella!
